

PARTICIPANTS NEEDED FOR RESEARCH STUDY ON PREGNANCY AND LOWER LIMB ABSENCE

UNIVERSITY OF
TORONTO

BARBER
PROSTHETICS CLINIC

Researchers at the University of Toronto and Barber Prosthetics Clinic want to know more about your experiences during and after pregnancy, including how limb absence impacted your pregnancy and the healthcare you received.

PARTICIPATION INVOLVES:

- 30-45 minute interview, conducted over Zoom or by telephone
- **Compensation:** A \$25 eGift card as a thank you for your time

WHO DO WE NEED:

Individuals with lower limb absence who have had at least one pregnancy in the past 10 years.
